

T U E S D A Y, DECEMBER 22, 1767.

Charles-Town, December 15, 1767.
THE Subscriber returns his grateful Acknowledgments to the Public in general, and his Friends in particular, for the generous Encouragement he has received during the Publication of the **SOUTH-CAROLINA GAZETTE, and COUNTRY JOURNAL**, for two Years past; and as this Day's Gazette commences the third Year of its Date, he most earnestly intreats the Favour of all Persons indebted to him, to discharge their Arrears up to the 8th Instant, which will enable him to carry on his Business with the greater Spirit; as it must certainly be known, that the publishing of a Weekly Gazette, with Credit and Punctuality, (and without which we cannot expect to meet with Success, or hope for Approbation) is attended with great Expence.—And as there are several pressing Demands against him, which, if not soon answered, must be of very bad Consequences to himself and Family; he is the more inclinable to hope, that his good Benefactors, especially those in the Country, whom he has it not in his Power to wait upon personally, will consider his Situation, and readily comply with his Request, by getting some of their Friends or Factors in Town to pay off their Accounts, which are but small, but by being all collected together, will be of great Service; as it will enable him to discharge those Demands.—The utmost Efforts shall, at all Times, be made to render his Gazette both useful and entertaining; and the Printing Business, in all its Branches, will also be carried on with the greatest Care and Dispatch, at his Office in Elliott-street, the Corner of Gadsden's Alley; where all Letters of Intelligence, as likewise the Commands of his Friends, and the Public, will be most readily and thankfully received, by
Their very Obedient, and most humble Servant,

N. B. It is hoped, that all Persons who may be pleased to favour me with Advertisements for my Gazette, (which will certainly answer their End, as it has a very extensive Circulation) will be so kind as to send the CASH with them, except where it may happen that I have an open Account.—I have employed Mr. Daniel Stephens, to collect my Money in Town, and hope that my Friends and Customers will cheerfully pay off their Accounts when waited upon for that Purpose.

By his Excellency the Right Honourable Lord **CHARLES-GREVILLE MONTAGU**, Captain-General, and Governor in Chief, in and over his Majesty's said Province, and Vice-Admiral of the same.

A PROCLAMATION.

WHEREAS it has been represented to me by **MARK ROBINSON**, Esq; Commander of his Majesty's Ship the **POWRY**, that several of the Seamen belonging to the said Ship under his Command, have, since their Arrival in this Port, deserted from their Duty, and others do continue to desert, whereby the Compliment of the said Ship has been weakened, and his Majesty's Service may receive Detriment. I HAVE THEREFORE thought fit, by the Advice of his Majesty's Honourable Council, to issue this my Proclamation, hereby strictly forbidding any Person whatsoever, to entertain, harbour or keep any such Seamen in their Houses: And all Keepers of Ferries within this Province, are hereby strictly enjoined not to transport any Seamen over their respective Ferries, unless such Seaman has a Certificate as required by Law, otherwise they will be prosecuted as, in such Case, the Law directs.

GIVEN under my Hand and the Great Seal of the said Province, at Charles-Town, this second Day of December, Anno Domini 1767, and of his Majesty's Reign the Eighth Year.

Glaring Absurdities and Inconfluencies.

IN this country, and at this period, we offer Forty Pounds to apprehend a necessitous Wretch, whom Hunger has led to take a shilling from somebody on the Highway; but if an inhuman monster commits half a dozen murders, Ten Guineas, we reckon a mighty reward for bringing her to justice.

Nothing but the cry of distress to be heard from every quarter of the kingdom, decay of trade, and dearth of provisions; yet in every quarter of the kingdom nothing to be seen but dissipation and extravagance.

Poor rogues who gamble for halfpence frequently sent to Bridewell; but rich ones allowed to play for thousands in every part of the metropolis. Nay though gaming in general is contrary to law, yet encouraged at Newmarket by bounty from government.

An army of writers every hour celebrating the Corsicans for the noble love of liberty, and abusing the poor Americans, because they are unwilling to be slaves.

Justices sending street-walkers incessantly to Bridewell, yet licensing common bawdy-houses in every corner of the town.

Statesmen dismissed from employments on account of incapacity, yet honoured with titles and emoluments for extraordinary services.

Ministers who have been granted large pensions to come into office, granted additional pensions to resign, and all within the little circle of a single trustment.

Clergymen of the established church every where exclaiming against the indefatigable industry of Popish Priests in making proselytes, yet taking no pains whatsoever to keep their flock in the orthodox faith.

Patriotic societies offering rewards to bring turbot to the tables of the rich, but no premium offered to bring corn to the relief of the necessitous.

Men of abilities obliged to take degrees for the practice of medicine; while fellows who can neither read nor write, are allowed to tamper with the lives of his Majesty's subjects, under the immediate sanction of authority.

Electors selling their votes in the open face of day, and yet impenitently expecting an honest representative.

The corporation of London continually paying large sums of money to pull down good houses for the sake of unnecessary improvement; but obstinately refusing to pull down a street of tottering old sheds that disgrace their city, and endanger the lives of their inhabitants.

M A D R I D, September 8.

ON the 28th ult. arrived at Cadix the Dragon from Vera Cruz and the Havana, with the Marquis de Cruillas on board, late Viceroy of Mexico. She has brought home 4,616,000 piastres, besides a great quantity of cochineal, indigo, and other merchandises. When she sailed from the Havana, she had five vessels under convoy, but only one of them, the Aurora, is yet arrived.

October 4. Besides the strong contest for members for the county of Cumberland, the present contest for the city of Carlisle is the greatest almost ever known; every publick house in the city having been for some time past open, either in behalf of the famous Governor Johnstone and the brave Capt. October 6. Yesterday a Christian agent appeared upon the Royal Exchange, said to be charged with executing very large commissions with the merchants.

Extract of a Letter from John Wilkes, Esq.

Paris, Rue des Saints Peres.

"I read in the public papers the article of my intending to offer myself a candidate for the city of London, at the next general election. I will acknowledge, to be true a friend as you, that nothing could so much flatter me, as the representing in parliament, the capital of my country where I was born. I have seen several gentlemen of the City here, who gave me hopes of success. You, who are on the spot, and know the city perfectly well, can best tell me, if their hopes for me were probable or not; or only the sanguine wishes of warm and zealous friends. I know that I may be chosen, though absent and an outlaw; it is an advantage, but do you think, my dear friend, that I have a prospect of success? If there is, I shall beg you, and my other well-wishers, to concert the plan, and to exert your efforts on the occasion. I am very desirous to know your sentiments, who are on the spot, and can judge so truly, &c."

B O S T O N, NOVEMBER 2.
At a Meeting of the Freeholders and other Inhabitants of the Town of Boston, legally assembled at Faneuil-Hall, on Wednesday the 25th of October, 1767.

The Honourable JAMES OTIS, Esq; MODERATOR.
A written ADDRESS to the Inhabitants, subscribed Philo-Patriot, recommending Economy and Manufactures, was by their Order read.

THE Town then took into Consideration the Petition of a Number of Inhabitants, "That some effectual Measures might be agreed upon, to promote Industry, Economy, and Manufactures; thereby to prevent the unnecessary Importation of European Commodities, which threaten the Country with Poverty and Ruin."

Whereupon, in a very large and full Meeting, the following Votes and Resolutions were passed unanimously.
Whereas the excessive Use of foreign Superfluities is the chief Cause of the present distressed State of this Town, as it is thereby drained of its Money; which Misfortune is likely to be increased, by Means of the late additional Burthens and Impositions on the Trade of the Province, which threaten the Country with Poverty and Ruin:

Therefore, VOTED, That this Town will take all prudent and legal Measures to encourage the Produce and Manufactures of this Province, and to lessen the Use of Superfluities, and particularly the following Articles, imported from Abroad, viz. Leaf Sugar, Cordage, Anchors, Canoes, Chaises and Carriages of all Sorts, Horse Furniture, Men and Women Hats, Men and Women Apparel ready made, Household Furniture, Glasses, Men and Women Shoes, Seal-Leather, Sheating and Deck Nails, Gold and Silver, and Thread Lace of all Sorts, Gold and Silver Buttons, Wrought Plates of all Sorts, Diamonds, Stones and Paste Wares, Snuff, Muslin, Cloths and Watchers, Silversmiths and Jewellers Wares, Broad Cloths that Cost above 10s. per Yard, Muslin, Furrs and Tippets, and all Sorts of Millinery Wares, Starch, Women and Childrens Stays, Fire Engines, China Ware, Silk and Cotton Velvets, Gauzes, Pewterers hollow Ware, Linseed Oil, Glue, Lawns, Cambricks, Silks of all Kinds for Garments, Malt Liquors, and Cheese.—And that a Subscription for this End be and hereby is recommended to the several Inhabitants and Household of the Town; and that John Rowe, Esq; Mr. William Greenleaf, Melanah Bourne, Esq; Mr. Samuel Austin, Mr. Edward Payne, Mr. Edward Quincy, Tertius, John Ruddock, Esq; Jonathan Williams, Esq; Joshua Henshaw, Esq; Mr. Henderson Ingham, Mr. Solomon Davis, Joshua Winslow, Esq; and Thomas Cutting, Esq; be a Committee to prepare a Form for Subscription, to report the same as soon as possible; and also to procure Subscriptions to the same.

And whereas it is the Opinion of this Town, that divers new Manufactures may be set up in America, to its great Advantage; and some others carried to a great Extent, particularly those of Glass and Paper:

Therefore, Voted, That this Town will, by all prudent Ways and Means, encourage the Use and Consumption of Glass and Paper, made in any of the British American Colonies; and more especially in this Province.

[Then the Meeting adjourned till 3 o'Clock Afternoon.]

III o'Clock, P. M.

THE Committee appointed in the Forenoon, to prepare a Form for Subscription, report as follows:

WHEREAS this Province labours under a heavy Debt, incurred in the Course of the late War; and the Inhabitants by this Means must be for some Time subject to very burthenous Taxes:—And as our Trade has for some Years been on the Decline, and is now particularly under great Embarrassments, and burdened with heavy Impositions, our Medium very scarce, and the Balance of Trade greatly against this Country:

WE therefore the Subscribers, being sensible that it is absolutely necessary, in order to extricate us out of these embarrassed and distressed Circumstances, to promote Industry, Economy and Manufactures among ourselves, and by this Means prevent the unnecessary Importation of European Commodities, the excessive Use of which threatens the Country with Poverty and Ruin.—DO promise and engage, to and with each other, that we will encourage the Use and Consumption of all Articles manufactured in any of the British American Colonies, and more especially in this Province; and that we will not, from and after the 31st of December next ensuing, purchase any of the following Articles, imported from Abroad, viz. Leaf Sugar, and all the other Articles enumerated above.

And we further agree strictly to adhere to the late Regulation respecting Funnels, and will not use any Glasses but what are manufactured here, nor procure any new Garments upon such an Occasion, but what shall be absolutely necessary.

The above Report having been considered, the Question was put, Whether the same shall be accepted? Voted unanimously in the Affirmative.—And that said Committee be desired to use their best Endeavours to get the Subscription Papers filled up as soon as may be. Also, Voted unanimously, That the foregoing Vote and Form of a Subscription, relative to the enumerated Articles, be immediately published; and

that the Select-Men be directed to distribute a proper Number of them among the Freeholders of this Town; and to forward a Copy of the same to the Select-Men of every Town in the Province; as also to the principal City or Town Officers of the chief Towns in the several Colonies on the Continent, as they may think proper.

That Clause in the Warrant, "That the Mind and Resolution of the Town may be taken with respect to the Expediency of a humble Request to his Excellency the Governor, that he will convene the General Assembly as soon as may be," was read, and considered: Whereupon, Voted unanimously, That the Representatives of the Town having already made humble Application to his Excellency the Governor for the Purpose above-mentioned, the Town do approve of their Conduct therein; hereby declaring their Sense of the Importance of the Measure, and expressing their Hopes that his Excellency will be pleased to favour it, by convening the General Assembly as soon as conveniently may be.

The Clause in the Warrant, viz. "To consider of some Measures for employing the Poor of the Town of Boston, by reviving the Linen Manufacture, and in such other Ways as shall be thought most beneficial," was read.—Whereupon, Voted, That John Barrett, Esq; Mr. Edward Payne, Middlecot Cook, Esq; Mr. Henderson Ingham, Melanah Bourne, Esq; Jonathan Williams, Esq; Ezekiel Goldthwait, Esq; be a Committee for the Purpose aforesaid, to report as soon as may be.

Upon a Motion made, Voted, That the Town will take all proper Measures, by keeping in their Children and Servants, and other Ways, to prevent the Disturbances which have sometimes happened on or about the 5th Day of November.

Attest, WILLIAM COOPER, Town-Clerk.
Then the Meeting was adjourned to the 10th Day of November next.

At the above Meeting several Samples of Starch, called Poland Starch, and of the common Sort of Starch; Hair Powder of the best Sort, Glue, and Snuff like Kippen's, so called, all manufactured in this Town, by Messieurs Hewes, Baker, and Gillispie, were produced in Town Meeting, and much approved of.

Mr. John Baker, who manufactured the Poland Starch, so called, being present, declared his Readiness to contract with the Inhabitants for Two Thousand Barrels, at the prime Cost of that Article in London.

Mr. Gillispie, the Manufacturer of Scotch Snuff, so called, offered to furnish the Inhabitants with what may be wanted, at the first Cost of that Article in North-Britain.

The Town were also informed, that our Paper Manufacturers had given Assurance, that in case they can be supplied with the necessary Materials, usually burnt or thrown away in our great Towns, they could supply the Province with whatever Sorts of Paper they have Occasion for, in sufficient Quantity, with some left for the other Colonies.

Q U E B E C, OCTOBER 15.

Wednesday the 10th of September, was tried at the Supreme Court of Judicature, at Montreal, an Action, in which Captain Diney, late Town-Major of Montreal, was plaintiff, and Thomas Walker, Esq; late a Justice of the Peace for the district of Montreal, was defendant. The action was brought for having maliciously, and without any probable cause, procured the plaintiff to be imprisoned, and detained in prison 220 days, upon a charge of having been concerned in the felonious assault committed upon the defendant in December 1764, and having maliciously, and without any probable cause, procured the plaintiff to be indicted and tried for the said felony, at the last session of the Supreme Court, holden at Montreal, in the months of February and March last, and giving evidence against the plaintiff, in support of the said indictment; and the damages were laid at Two Thousand Pounds of lawful money of this province. The defendant stated, in a long special plea, the grounds upon which he had carried on the prosecution against the plaintiff, which amounted to a very strong probable cause. The trial lasted about five hours, and the whole conduct of the defendant, in carrying on the late criminal prosecution, was very narrowly enquired into: And the jury, after withdrawing for about five minutes, gave a verdict for the defendant. The conduct of a gentleman of character, now absent from this province, with respect to a proposal made by him about the month of January last, to one of the gentlemen now in custody, on account of the said felonious assault on Mr. Walker, was likewise fully examined on this occasion, and fully justified, to the general satisfaction of the public.

ANNAPOLIS, (in Maryland) OCTOBER 29.

Extract of a letter from a gentleman in London, dated August 9, to his friend in this province.

"It is the general opinion of thinking people here, that a great number of Paper-mills will very soon be erected in America, in consequence of the late p-rim-m-ry bounties to encourage the manufacture of that article in the Colonies."

CHARLES-TOWN, DECEMBER 25.

BY Letters from the Country of the Creeks we learn, that Mr. Commissary Mackintosh had delivered the Superintendent's Talks to all the Towns; and the chief Indians in their Answers promised to give Satisfaction for the Murders committed at St. Mary's River, which they have since repeated to the Governors of Georgia and East-Florida.

A Letter from St. Augustine dated the 15th, says, Governor Grant was then holding a Congress with the Creek Indians at Fort Picolata on St. Juan's River; that the Indians had promised to deliver up those who lately murdered the two white People on St. Mary's River, to be put to Death, two of which were Sons of a Headman, called Philchee, who readily gave them up.

A Vessel has lately loaded here with Provisions for Doctor Turnbull's Settlement in East-Florida, where he daily expects to establish a Grecian Colony.

Samples of Cotton, the Product of East-Florida, has lately been received here, which is esteemed, by good Judges, to be equal to any in the World.

A Letter from Pensacola by the last Packet says, "Governor Browne's Provincial Sloop the Florida, returned here two or three Days ago from the Havana and Campeachy, where he had been sent by his Honour, at the Request of some of the principal Merchants, with the Advice of his Council. She carried Dispatches which answered every Purpose intended. In a short Time after she sailed, a Spanish Brigantine going to Vera Cruz for Jesuits called in here, and more Vessels of that Nation are daily expected, now they know the Port is open and proper Goods are to be had."

In the Pennsylvania Gazette of December 3, the following, viz. "By Captain Bulkley, in seven Weeks from Lisbon, we learn, that the Count de la Lippe, Generalissimo of his most Faithful Majesty's Troops, having been sent on an important Negotiation to the British Court, lately returned from thence; that the Result of his Embassy remained a Secret, but the Portuguese appeared extremely apprehensive of a War with Great Britain, as their Court did not seem inclined to pay the Sum demanded by the English, or to adjust, in a proper Manner, the Differences subsisting between the two Courts.—That Advice was received at Lisbon, of the Portuguese having re-taken a Place in the Brazil, which the Spaniards had made themselves Masters of in the late War.—That a Register Ship was daily expected at Lisbon from the Brazil, with a great Quantity of Cash.—And that a Portuguese Viceroy, from the East-Indies, on his Arrival at Lisbon, was immediately arrested, and confined in a strong Castle, without being permitted to see his Friends and Relations; the Cause of which was not publicly known."

In our last we mentioned the Marriage of Mr. George Greenland, to Miss Charlotte Hartley, which proves to be a wrong Information.

MARRIED.] Mr. George Thomson, Merchant, to Miss Jeanie Yorston, a young Lady lately arrived from Scotland.

The Distemper which has for some Time past appeared amongst the Horses in this Province, seeming, by the Description, to be the same as prevails in the Northern Colonies, we here present our Readers, with a Description and Cure of it, as published in the Pennsylvania Chronicle, Oct. 26.

"It begins with an Inflammation in the Glands of the Throat, which soon tumefies and suppurates, then spreads its Effects to the Head and Eyes, from whence the Matter is discharges through the Noftrils.

To cure which, Begin with repeated Bleeding. Give the Horse Morning and Evening a Ball of Brimstone and Saltpetre, from Half an Ounce to an Ounce each, made up in Paste; inject sharp Vinegar into his Noftrils, and bathe the Outside of his Throat with Vinegar, Hogs Lard and Camphire.
